Black Doctoral Network 11th Annual National Conference October 19 – 21, 2023 Atlanta Marriott Marquis Atlanta, Georgia

ABOUT THE CONFERENCE

The conference will consist of keynote presentations, panel presentations, interactive workshops, a recruitment and resource fair, networking opportunities, a writing session, a poster competition for undergraduate researchers and a general poster session for graduate students and post-doc scholars. Attendees come from across the U.S. representing a unique mix of academia, government, the nonprofit sector, and private industry.

The theme for this year's conference, *Setting a Legacy: The Impact of Successful Scholarship*, showcases the amazing work being done by scholars and professionals as we continue to strive for equitable opportunities in higher education and the chance to share stories that are impacting our communities. Over 400 students and professionals each year gather to network and form collaborations at the conference by using it as a resource, a support network, and a forum for intellectual discussion.
